

The Amateur Baseball Development Group (ABDG) is a non-profit foundation with all proceeds going directly to supporting Amateur Baseball in Southern California.

The ABDG believes the baseball experience will help young men mature and grow to become productive caring citizens of the community.

Over the years, the ABDG has sponsored summer baseball programs and provided opportunities for young men to travel and participate in a variety of tournaments and events. The ABDG also helps players from low income families making this opportunity available to everyone.

Every year many high school baseball programs throughout Southern California in need of uniforms and equipment are recipients of grants from ABDG.

On behalf of Mike Scioscia and the Amateur Baseball Development Group, we would like to **Thank You** for your generosity and support. Your participation is giving our youth options and direction during this important time in their lives. Thank you for helping our young men realize their potential.
